

temporary handicaps may not be recognized as handicapped by social service agencies.

9. *Question:* Can the operator require that elderly and handicapped persons come to a central office to register for an off-peak half-fare program?

Answer: FTA strongly encourages operators to develop procedures which maximize the availability of off-peak half-fares to eligible individuals. Requiring individuals to travel to a single office which may be inconveniently located is not consistent with this policy, although it is not strictly prohibited. FTA reserves the right to review such local requirements on a case-by-case basis.

10. *Question:* Must ID cards issued by one operator be transferable to another?

Answer: No. However, FTA encourages consistency among off-peak procedures and the maximizing of availability to eligible individuals, especially among operators within a single urban area. Nevertheless, each operator is permitted to require its own certification of individuals using its service.

11. *Question:* Can an operator require an elderly or handicapped person to submit to a procedure certifying their eligibility before they can receive half-fare? For example, if an operator requires eligible individuals to have a special ID card, can the half-fare be denied to an individual who can otherwise give proof of age, etc, but does not have an ID card?

Answer: Yes, although FTA does not endorse this practice.
